THE KINGDOM OF GOD

Thirteen inter-related principles derived from thematic material in the Judaeo-Christian Scriptures, viz:

- **SONSHIP**
- **LEARNING OBEDIENCE**
- **OVERCOMING THE WORLD**
- **OVERCOMING THE EVIL ONE**
- **OVERCOMING OUR HUMAN NATURE**
- **THE KINGDOM IS WITHIN US**
- **THE KEYS OF THE KINGDOM**
- **THE BATTLE TOWER**
- **BODY BUILDING**
- **KINGDOM DISCIPLINE**
- **KINGDOM ANOINTING**
- **CROWNING THE KING**
- **THE RESTORATION OF ALL THINGS**

These studies were written in 1981 over a period of 26 days. They constituted the foundational principles on which a Christian community called the People of the Way Christian Ministries Association was established at Blackwood in South Australia during the years 1981-1987.

The studies are arranged as a correspondence program. A number of people outside of the People of the Way found value in the courses, providing that they submitted their answers after each module, rather than doing the thirteen studies without referencing 'the teacher'. That is to say, the interaction was as important as the material - as it generally is with things concerning the Kingdom of God.

The first seven studies reference the individual believer; the last six studies focus the corporate community – the Christ's ecclesia.

Taken together, the readings in the thirteen studies cover some 80% of the Bible.
