

## THE CALL TO ARMS – BATTLE STRATEGY

1. Since the same sex marriage bill, the battle line in the Christian/Secular war has shifted into the Private and Christian Schools. God-centred Schools are now under pressure from Godless Secular-Humanists to employ homosexual teachers and accept homosexual students, with a threatened penalty for not doing so of losing their government funding. This must not be allowed to happen. **The Judaeo-Christian God-centred culture must be preserved for those that adhere to it.** The secular humanists must be called to adhere to their own rhetoric: “respect diversity” and allow us to have schools of our prescription.
2. The first thing we need to do is tell the government that, as Schools based on a God-centred ideology, **we cannot accept Godless fabrications** into our operations, we need to tell them that **we refuse to accept homosexual teachers** and reserve the right to refer homosexual students to public schools. This will require us to address the Government, and to be taken seriously, we will need **a significant body of people** behind us. Hence the Call to Arms – **we need to build an Alliance that holds to a Judaeo-Christian Culture with about 1 million members.** And the members must be of ONE MIND AND HEART and SPEAK WITH ONE VOICE. To this end I have prepared **a Cultural Manifesto** for people to sign and prescribed a fee of \$10 which will **make each person’s membership legal** – see the attachment.
3. The strategy we wish to present to the Government is that they must respect diversity (the secular-human jargon) and **allow us the right to organise education for our children according to our own beliefs** – see **Governance** attached. To give this claim substance, we need to show them what we will include in our education system and what we wish to exclude – see **Education** attached.
4. Should the government decide to legislate against us and withdraw funding because we do not accept homosexual and trans-gender students, we need to advise them that we will adopt **a with-holding tax strategy** – see **School Funding** document attached.

If you wish to join us in this venture, kindly print out copies of the Cultural Manifesto for your people to sign individually and forward funds to the account mentioned.
