

NOW THAT THE DUST IS SETTLED....

Now that the election is past and 'pollies' are getting ready to return to Canberra it is time to think about the next step for God's army.

Positives

- God's choice of leadership in Canberra is back in power – a Christian and a Jew (**ONE NEW MAN** – Eph.2).
- The **artillery assault** (praise, high praise and declaration) has been wonderfully (amazingly) successful in clearing the spiritual atmosphere (for the moment) – see what we can do!!!
- Sanity reigns (for the moment) – Scott Morrison is calling for people to return to their Judaeo-Christian roots: 'get a job, find a partner, raise some children and enjoy your family life' (**our Manifesto** in simple language!).
- Australians chose jobs and rejected the environmental lobby. Adani looks like happening (**NUMBERS COUNT – I have been saying it all along – if we needed proof here it is**. Ask yourself this question: if 25 people in Townsville wanted Adani, would the Premier have jumped like she did to make Adani happen?. How active are you in asking other people to join our Alliance?).

Negatives

- Our Universities, media and schools (all public and many private) are still under the control of the secular humanists. Student teachers are still being taught how to persuade 10-11-year-old boys that they need a sex change operation (see attached document).
- The neo-Marxists are incorrigible and will not give up the fight. In their view, expressed in the media, is that the average Australian is an idiot and knows nothing. The election is seen as a minor, unfortunate setback. They are reorganising at every level. Albanese is LEFT!
- State Governments are still pushing on with their gender and euthanasia legislation, etc.

WHERE TO FROM HERE?

1. We need to **keep the artillery barrage going** – praise and declaration!!! (II Chronicles 20:20-25).
2. The **ground troops need to move out!!** We need to get out of our comfortable prayer rooms and on to the streets (**in our local area**) to confront the enemy. Our artillery has given us a window to re-draw our line in the sand and let the enemy know they will not shift us.
3. We need to find **God's plan for His kingdom** to be established in Australia. (The local group with which Judy and I are members has already received very specific encouragements with regard to this – how is your group going?). Points 1 and 2, above, are a holding pattern, the **victory** will come when God's strategic centres are established, and **His manifest presence is evident** across the land - see below.

TESTIMONY

Getting out and about

On the 19th of May I met with the local member, Mark Ryan. He is a Labor man and Police Minister. I let him know in a letter where I stand with things like abortion before the meeting and it was obvious that everybody in his office were 'on their toes' when I arrived. I did not attack him, I just let him talk; my reason for meeting him was to find out where he stood on issues like homosexuality and euthanasia. I let him 'give me the treatment' but found out what I wanted to know and did tell him that on the issue of homosexual teachers in Christian Schools we would 'never surrender'. He is a good Catholic lad totally sucked in by his neo-Marxist cabinet colleagues. I left him wiping the sweat off his brow, thinking he has done well with me; lulled into a false sense of security!! We all **need to connect** with our local members – state and federal. Get going!

God's Kingdom

Our prophetic prayer group at Moreton in Queensland has been operating at two levels:

- In our meetings, some of us have been focused on **holding the line** with praise and declaration. All good!
- The prophets have been bringing another word. So far we have received the following:
 - The Spirit gave one brother a picture of **an open field with one tree** on it! [Interpretation: There is a piece of land in our area where *the tree of life* (the Lord YHWH Himself) is waiting for us to build Him a Temple for the Holy Spirit].
 - The word came: 'Not by might.... but by my Spirit, (Zech.4:1-14) [This is **not a general word** re sonship; this is a specific word to the **temple builders**, Zerubbabel and Joshua].
 - The word came: 'Will you do what I ask?', and we said, 'Yes Lord!'.
 - The word came: I Chronicles 29:10-14. [This is a **specific prayer** of David after the people gave willingly the funds needed for building **the temple**].

It is clear that the Lord is leading us very deliberately to build a temple in our area – the land held by the Gubbi-Gubbi people and ruled by the Rainbow Serpent. I am very encouraged, for I know that permanent change in Australia will only come about when the manifest presence of the Lord is with us. God has already set up His government in Canberra; now He is ready and waiting in 300 other sites around Australia where he wants strategic strongholds to be developed (II Samuel 8:6).

Your brother and comrade in arms,

John Potter

A LINE IN THE SAND FOR CHRISTIAN SCHOOLS

This is my suggestion for Christian Schools (or something similar)

To Whom it may concern.

This school bases its curriculum on Biblical tenants. We promote the nuclear family, based on a man and a woman in consort, as the basic unit structure in which all humans should be encouraged to live out their lives. We hold that Judaeo-Christian principles are a superior guide to all others in ensuring that individuals enjoy personal success and satisfaction and contribute compassionately and constructively to the wider community.

To advance our educational objectives, we employ staff and teachers who hold the same world view as ourselves; we do not employ teachers who hold to alternative views, i.e. secular humanists, Muslims, Buddhists, spiritualists, animists or similar. We do not disparage people who hold to other faiths or ideologies, but we advise them that they should seek employment at institutions that hold to and support their personal views.
